

Honorary Volunteer 2020

Honorary Volunteer has requirements that take many years to achieve

There are hours involved, commitments and dedication in ones believes.

Never are Honorary ones chosen because they are retired, there's so much more.

Praise from peers, willingness to do extra duties and dedicated to the core.

This Honor in our organization needs a person with sincerity in their voice

When decisions are made and voting required, she will always have a choice.

She has suffered tragedy, loss and health issues but managed to be strong.

With cane in hand she'd come visit to see how Volunteers were getting along.

Concerned for others, so caring, loved by the Volunteers & hospital staff too.

So it is no wonder why this, one in a million, we just had to choose.

Congratulations Lynn Rodda B. G. H. Honorary Volunteer 2020
