

A GUIDE TO YOUR HOSPITAL BILL

Bonner General Health is committed to clear, transparent billing practices in compliance with Idaho and federal law. Patient care includes treatment, billing, and assistance with account resolution.

INSURANCE BILLING

As a courtesy, Bonner General Health will submit claims to your insurance provider when insurance information is provided. Insurance companies determine payment based on your individual benefits and coverage.

If a claim is denied, delayed, or requires additional information, you may be asked to contact your insurance provider. Any amount not covered by insurance, including copayments, deductibles, or coinsurance, is the patient's responsibility.

Once insurance processing is complete, you will receive a billing statement from Bonner General Health for any remaining balance. Payment is due upon receipt of the statement. Financial assistance and interest-free payment plans are available for eligible patients.

PATIENTS WITH INSURANCE

Please provide complete and accurate insurance information at registration. Some services require prior authorization from your insurance provider. If required authorization is not obtained, insurance may deny payment, which could result in patient responsibility.

PATIENTS WITHOUT INSURANCE

Patients without insurance, or those choosing not to use insurance, are encouraged to contact Patient Financial Services to discuss payment options or financial assistance.

GOOD FAITH ESTIMATES FOR UNINSURED OR SELF-PAY PATIENTS

Under federal law, patients who do not have insurance or who choose not to use their insurance may have the right to receive a Good Faith Estimate of expected charges for scheduled healthcare services. For more information about your rights and Good Faith Estimates, visit the Centers for Medicare & Medicaid Services website at: <https://www.cms.gov/nosurprises>

PROMPT PAY DISCOUNTS (UNINSURED)
